$6B turnover
new banking business line in Turkey within 12 months: international companies and UHNWI

OWN BUSINESS
0 → 1 (→ N)
from idea to sustainable profit on an AI platform: 2-month unit payback, 40%+ margin

EXPERTISE

From strategy to delivered projects and working processes

I connect strategy, finance and technology: translating business goals into an operating model, numbers and automated processes with measurable results.

01 Strategy & Finance

Business and business-line strategies, financial and business modelling (three-statement, DCF), P&L management, unit economics, investment analysis, pricing and monetisation.

02 Operations & PMO

Operating models and processes, portfolio and project management, coordination of product and IT teams, KPI systems, business transformation, product launches from hypotheses to well-run processes.

03 AI and automation

Solution architecture and business logic, end-to-end automation of operations on LLMs: platforms and apps, chatbots and AI agents, databases, automated management and financial reporting.

CAREER PATH

Experience

11/2025 — present
Indonesia

ClipPoints

Founder & CEO

- **Launched from zero to profitability** a network of street media studios and a platform for third-party operators: instant shooting, automated editing, digital sales and content delivery to customers; **40%+ margin**, **2-month** unit payback
- Product, unit economics and sales model from hypothesis to service standards, playbooks and team training: **the business runs autonomously**
- **End-to-end AI automation of operations**: sales and content-delivery platform, media pipeline, chatbots, database and management reporting

01/2023 — 10/2025
UAE / Turkey / Laos

Family Office (UHNWI)

Strategy & Projects Lead

- Launched corporate banking services for a new client segment at a Turkish bank (international companies and UHNWI): **$6B annual turnover of the business line within 12 months**
- **Redesigned processes and the service model** for the new segment: team of relationship managers and lawyers, onboarding, cross-border payments and compliance, procedures and KPIs, monetisation and billing
- Strategy, financial modelling, investment analysis and delivery management for the family's other projects and holding structures
- Set up a trading company in Laos: from zero to operational readiness in 3 months, legal form, registration, operating model, partner agreements and finance

12/2020 — 12/2022
Moscow, Russia

Bank Otkritie

Managing Director, Retail Strategy

- **Developed and operationalised the retail strategy**: business model, market and competitor analysis, growth areas across key products
- **Profitability initiatives**: pricing optimisation, sales-funnel improvements, higher cross-sales; segment-based customer acquisition strategy
- **Contributed to preparing and executing the sale of the bank to a strategic investor**

09/2019 — 12/2020
Moscow, Russia

Alfa-Bank

Head of Planning & Strategy, Retail Customer Journeys

- Built a **PMO for a portfolio of 350+ projects**, **600+ people, $15M budget**: timelines, budgets, impact, risks, executive reporting
- Coordinated **7 retail customer journeys**: initiative prioritisation, resource allocation, **KPI system**, cross-functional alignment
- Led **cross-functional projects**: profitability growth, pricing-strategy optimisation, **anti-crisis measures during the pandemic**

10/2015 — 09/2019
Moscow, Russia / Eastern Europe

McKinsey & Company

Consultant (Analytics Specialist)

- **10+ consulting engagements** in banking, metals and machinery: strategy, operational efficiency, transformation: from analytics to initiative implementation and PMO management
- **30+ project proposals**: engagement objectives and structure, commercial terms; helped launch 3+ new engagements
- **Financial and business modelling**: three-statement, DCF, sensitivity analysis, product economics and initiative impact

03/2013 — 09/2015
Moscow, Russia

McKinsey & Company

Part-time Staff Coordinator

- Built and developed the part-time staff department (30+ people): processes, recruiting, task allocation, quality control

EDUCATION

2009 — 2014
Moscow, Russia

Lomonosov Moscow State University

Faculty of Mechanics and Mathematics, Department of Probability Theory
Specialist degree, qualification “Mathematician”

ADDITIONAL PROJECTS

2026

Sales portal for Nuanu Real Estate

Built a unified financial and investment model for 9 developers and 15 residential complexes; created a sales-team web portal with automated calculation and generation of client offers. Delivered in 1 month.
